

Microsoft Office Software

The Bureau of Indian Education has a limited number of Microsoft Office 2007 licenses available for schools that were selected as pilot locations for the Common Operating Environment. All other schools should negotiate and purchase the software using the education discounted rates provided by Microsoft. The links below provide more information on the education pricing.

Licensing link for education...

Transactional Licensing Programs Open License for Academic An easy, cost-effective way for educational institutions with as few as five computers to license Microsoft software. You simply order the number of licenses you need through an Authorized Education Reseller. Software Assurance and physical installation media are available for additional fees.

Find a Microsoft Authorized Education reseller...
