Q&A
Help is here

We want to make sure families know.
Our goal is to get help to families

1 Help build awareness and understanding of CTC
   We want to ensure that tens of millions of families easily receive their Child Tax Credits and understand how it benefits them.

2 Help engage families who are eligible but have not yet filed taxes
   We want to make sure they get their Child Tax Credit and Recovery Payments.
The American Rescue Plan increases the CTC

More money for every child

- $3,600 total for every child under 6 years old (up from $2,000)
- $3,000 total for every child 6–17 years old (up from $2,000)
- All working families will get the full credit if they make under $150,000/year for a couple or $112,500 for a single family with children (or a Head of Household)

Automatic monthly payments

People will receive half their CTC in monthly payments from July through December 2021:
- **$300 each month** for every child under 6
- **$250 each month** for every child ages 6–17
- They will receive the other half when they file their taxes in 2022

People who get IRS refunds through direct deposit will get the CTC in their bank account on the 15th of every month. People who don’t use direct deposit will get payment by mail around the same time.
The Child Tax Credit (CTC) is transformative

The CTC helps almost all families in our country — whether to pay for rent and food for some, or to save for college for others.

When parents can afford to live, *kids do better* (better health, higher educational attainment, higher future earnings, lower stress levels).

40% of U.S. families can’t afford an unexpected $400 expense. CTC gives families a little more **breathing room**.

CTC will **stabilize the economy** for everyone. We just lived through the biggest recession of our lifetimes and — thanks to stimulus checks — our economy is now stable. Stimulus checks boosted spending at all levels and increased small business revenue. We are getting America back on track.
Round one of child tax credit payments slashed hunger rates, U.S. data shows

The monthly payments of up to $300 for each kid under five and up to $250 for each kid under 18 are the result of one of the most sweeping provisions in the American Rescue Plan.

The most recent survey data shows that nearly half — 47 percent — of households reported spending their tax credit payment on food.  

Just one child tax credit payment reduced financial anxiety for 56% of families

Economic Hardship Declined in Households With Children as Child Tax Credit Payments Arrived
How do families get the money?

**Tax filers get it automatically**

These groups will get CTC tax relief automatically:
- Taxpayers who filed tax returns for 2019 or 2020
- Those who signed up to receive Economic Impact Payments (“stimulus checks”) from the Internal Revenue Service

**Non-filers can still sign up**

Individuals and families who did not have to file taxes this year or last year, and did not register for Economic Impact Payments, can still sign up for CTC payments at ChildTaxCredit.gov.

They will also get any Economic Impact Payments (“stimulus checks”) that they’re entitled to but may not have received yet.
What non-filers need to sign up

Set aside at least 20 minutes to use the Non-filer Sign-up Tool

✓ A reliable mailing address
✓ Email address
✓ Your children’s Social Security Numbers
✓ Your Social Security Number (or ITIN)
✓ Your bank account information
  (if you want to receive your payment by direct deposit)
Non-filer Sign-up Tool

Demo
How you can help!

Help sign up non-filers

✓ Host a sign up event at community centers, houses of worship, and other places that families visit.

✓ Train the people in your community who will reach non-filers with community and faith leaders to tell them about the CTC and how they can ensure access for their communities.

Raise public awareness

✓ You can share flyers in places like:
  • Schools, universities
  • Grocery stores, pharmacies
  • Barber shops, beauty salons
  • Women, Infants, and Children (WIC) clinics
  • Community health centers
  • Shelters
  • Community centers

✓ Post on social media like Facebook, Twitter, and Instagram.

✓ Partner with school districts, education leaders, and childcare centers to share information with parents.

We’ll be sharing materials you can use to help spread the word!

Help is Here
Monthly payments for families with kids

Raising kids can be expensive, and the Child Tax Credit is here to help. President Biden’s American Rescue Plan increased the amount of the 2021 Child Tax Credit to support families with children.

Did you file taxes in the last 2 years? Then you don’t have to do anything to get the money you’re already owed! If you filed paper 2020 taxes, you’ll get a stimulus check later this year that you don’t need to do anything. The IRS will automatically send you a monthly payment by direct deposit or check beginning Aug. 17, 2021.

Your Child Tax Credit is $3,600 to $3,800 per child with advanced monthly payments.

In order to get money in a timely fashion, you’ll need to file your taxes this year. To your surprise, you should receive a total of $3,600 for each child under 6 and $3,200 for each child age 6-17.

Ha llegado la ayuda:
Pagos mensuales a familias con hijos

Crear a un niño puede ser caro, y el crédito tributario por hijo/Irish ayuda. El Plan de Respuesta Estadounidense del presidente Biden aumenta la cantidad del crédito tributario por hijo en el 2021 para respaldar a las familias con hijos.

El beneficio del crédito tributario por hijo se ahorrará de $3,600 por año por niño por hijo menor de 6 años y de $3,200 por cada hijo de 6 a 17 años.

¿Puede ayudar a facilitar la declaración de impuestos de los últimos 2 años? Entonces no necesita hacer nada para recibir el crédito.

El crédito tributario por hijo de 2021 asciende a $3,600 a $3,800 por niño (dependiendo del diseño de sus impuestos).

¿Puede resultar de impuestos de los últimos 2 años? Entonces no necesita hacer nada para recibir el crédito.

Puede encontrar más información sobre el crédito tributario por hijo en ChildTaxCredit.gov
