* * *

The Bureau of Indian Education does not have migrant students.

Graduation rates represent the percentage of students who graduated high school with a regular diploma. Graduation rates are calculated as prescribed by the National Center for Education Statistics (NCES), which provides data to the federal reporting system. In accordance with NCES requirements, the Bureau of Indian Education uses the 4k-year adjusted cohort graduation rate which is defined as the number of first-time 9th grades who graduate with a regular high school diploma in 4 years. Graduation rates do not include students who earn alternate diplomas or certificates.

Hopi Jr/Sr High School 2022-2023 Report Card

Early Career Educators: Educators with four or less years of experience.

An **Emergency Certificate** is issued to an educator who holds, or is eligible to hold, a teaching license but has not met the requirements for certification in a specific content area. An emergency certificate is issued only at the request of the hiring authority (e.g. school district). Emergency certificates are valid for up to three years (or up to six years in the case of skilled and technical science teachers) unless revoked. Emergency certificates are not issued for all content areas.

Out-of-field teachers taught at least one course outside their licensed content area. While teachers holding an emergency certificate or certificate of eligibility are identified as teaching out-of-field in this analysis, these licensed educators are working towards full certification in the appropriate content areas.
