

Boys and Girls Club of America Native Summit 2019

NOVEMBER 5-7, 2019 Lake Buena Vista, Florida

Mr. Tony Dearman, BIE Director, had the opportunity to speak at the 2019 Boys and Girls Club of America's Native Summit.

The Summit provides CEOs, Board Members and Tribal Leaders an opportunity to learn, share and discuss ways to develop stronger, more sustainable Native Club organizations that meet the needs of their youth and communities. The Boys and Girls Club of America have worked to increase their collaborative effort with Tribal leaders and key stakeholders to build more sustainable programs in Native communities for more than 25 years. The 2019 Native Summit focused on cultural identity of our Native youth and the promotion of greater opportunities.
