Johnson-O'Malley (JOM) Background

The Johnson O'Malley (JOM) Supplemental Indian Education Program Modernization Act (Public Law No: 115-404) was signed into law on December 31, 2018. The Johnson-O'Malley Program is authorized by the Johnson-O'Malley Act of 1934 and the implementing regulations are provided in 25 CFR 273. As amended, this Act authorizes contracts for the education of eligible Indian students enrolled in public schools and previously private schools. Johnson O'Malley programs offered to American Indian and Alaska Native students are designed to meet the specialized and unique educational needs of eligible Indian students. Eligible American Indian and Alaska Native students are enrolled members of a federally recognized tribe or at least one-fourth or more degree of Indian blood descendant of a member of a federally recognized Indian tribal government eligible for services from the Bureau. In addition, eligibility requires these children be between age 3 through grades 12, with priority given to children residing on or near an Indian reservation.
