§200.62 Internal control over compliance requirements for Federal awards.

Internal control over compliance requirements for Federal awards means a process implemented by a non-Federal entity designed to provide reasonable assurance regarding the achievement of the following objectives for Federal awards:

- (a) Transactions are properly recorded and accounted for, in order to:
 - (1) Permit the preparation of reliable financial statements and Federal reports;
 - (2) Maintain accountability over assets; and
 - (3) Demonstrate compliance with Federal statutes, regulations, and the terms and conditions of the Federal award;
- (b) Transactions are executed in compliance with:
 - (1) Federal statutes, regulations, and the terms and conditions of the Federal award that could have a direct and material effect on a Federal program; and
 - (2) Any other Federal statutes and regulations that are identified in the Compliance Supplement; and
- (c) Funds, property, and other assets are safeguarded against loss from unauthorized use or disposition.

How to Complete FASA (Continued)

Please do not use 1-line statements to answer the narrative questions, such as “See attached file.” The purpose of the self-assessment, is to ensure that the people completing the form have a thorough understanding of their own school’s policies and procedures.

It is best to identify those processes in your own words by providing a detailed description and/or layout the steps for readers/reviewers to understand what you know – paint us a picture.

NOTE: A school may have the best written policy and procedures handbook in place, however, the staff may not be truly executing the process as it is written. Are shortcuts being taken?

How to Complete FASA (Continued)

4. Provide a detailed description of the school's Accounts Payable process.

Do not submit 1-line responses like "SEE ATTACHED FILE." 

5. How does the school ensure Purchase Orders/Contracts for Services are in place prior to ordering goods/materials or services rendered?

Purchase requests for goods are submitted with detailed justification for use of program funds to the department head for approval. Once signed/approved, a requisition is prepared for the business office to certify that funds are available to process. Depending on the amount (thresholds) a charge card or a Purchase Order may be issued to finally procure/order the goods.

Service contracts are usually in place prior to the start of each school year. All service contracts have a statement of work written by the school (program coordinator) identifying objectives, measurable outcomes and period of performance date(s). Contractor's can self-certify that security clearances have been conducted prior to entering school campus. Depending on the amount (thresholds), a RFP will be solicited. Once the program coordinator reviews/evaluates all proposals, then a Purchase Order will be issued to finally procure/order the services. Thereafter, the selected vendor may begin work.

Access to Upload Documents

1. Move your mouse to the far upper right part of the screen and click the “Document Upload” icon that looks like a blue open folder.

The screenshot shows the Indistar School Dashboard. The browser address bar displays `indistar.org/app/SchoolDashboard.aspx`. The page header includes the Indistar logo, the text "Welcome, Sample BIE School Site!", and a "Logins" dropdown menu. A red arrow points to a blue folder icon in the top right corner, which is the "Document Upload" icon.

The main content area features a navigation menu on the left and four dashboard cards:

- Our Direction**: Normative Objectives (Ongoing), 0. Buttons: Update Profile, Set Direction. Subtext: Mission/Goals - Data Review - Select Indicators.
- Our Meetings**: Leadership Team Meetings (Last 90 Days), 0. Button: Manage Meetings.
- Success Cycle**: Actions Completed (Last 90 Days), 0. Button: Assess, Create, Monitor.
- Our Progress**: Objectives Met (Last 90 Days), 0. Buttons: View Reports, View Feedback.

Below the dashboard cards is a section titled "Complete Forms", "Submissions", and "Snapshot". The "Complete Forms" section contains a table with the following content:

Building Relationships – We’re in this together

The BIE’s main objective is to provide quality educational opportunities for the students who attend BIE-funded schools. Through cooperative assessment of federal programs and funds with the state, ERCs/ELOs, and the local education agencies (LEAs), the quality of services to students will be strengthened and improved.

Technical Assistance – We’re here to help

State monitoring team members provide technical assistance during the review visit and on an ongoing basis. It is not the BIE’s intent to tell the LEA **HOW** to run its federal programs, but rather to answer questions, facilitate dialogue, and exchange ideas and information for program improvement while, at the same time, meeting all federal requirements.

Compliance – It’s the law

Monitoring federal programs helps ensure that all children have a fair, equal, and significant opportunity to obtain a high-quality education. Compliance monitoring is intended to be a collaborative partnership between the state and LEAs to ensure compliance with all federal programs, including ESSA and IDEA.
